Open Source Rates

Open Source rates apply to projects where at least 80% of project deliverables are released under Apache, Creative Commons, or similar open licensing.

On-Site Surcharge: 25%

Client-site work may incur a 25% surcharge on hourly rates depending on the duration and nature of the engagement. Travel, lodging, and per-diem expenses are also negotiated on a per-visit basis for any on-site work.

Time & Materials Discount: 10%

Engagements conducted on a strict Time & Materials basis are eligible for an additional 10% discount on hourly rates. Expenses and materials are billed at cost.

Early Payment Discount: 5%

In most cases, a 5% rate discount can be negotiated for payments made prior to the scheduled billing date. Expenses and materials are billed at cost.
